

# Private Label CBD

## *From your idea to a successful product*

**CONTACT  
US TODAY:**  
hello@swopa.ch

### **Step 1: You choose your cannabinoid formula**

Would you like us to produce full spectrum oil with less than 0.2% THC or broad spectrum oil with less than 0.05% THC?

You know your customers best.

### **Step 2: What CBD concentration should your product have?**

We can offer you full spectrum oils in concentrations from 3% to 40%.

THC-free broad spectrum oils are available from us with a CBD content of 3% to 25%. The choice is yours.

### **Step 3: You decide on the suitable carrier oil**

We usually take organic sunflower seed oil, organic MCT coconut oil or organic hemp seed oil. However, many other carrier oils are possible.

Just ask us.

### **Step 4: Would you like to have a special effect oil?**

We enrich your CBD oil with various plant extracts and vitamins according to your wishes. Experience has shown that many end consumers are very interested in this. Let us inform and advise you.

### **Step 5: Choose a bottle size**

We usually offer bottle sizes of 10ml and 30ml. But if you wish, we can also find another solution for you.

Because it is your product.

### **Step 6: Talk to us about packaging & labelling**

If you wish, our graphic designers can take care of the label and packaging design according to your ideas and in close consultation with you.

So that your product appeals to the right people.

### **Step 6: Talk to us about packaging & labelling**

If you wish, our graphic designers can take care of the label and packaging design according to your ideas and in close consultation with you.

So that your product appeals to the right people.

### **Step 8: We take care of storage & logistics**

Your finished product is safely stored in our warehouses in Germany and Switzerland. We ship your goods to the desired location or directly to your customers.

Reliably. To any country in the world.\*

\* Subject to the marketability of CBD products of the country

### **Step 9: We support you at the point-of-sale**

With years of experience, our sales and marketing managers know best how CBD products can be optimally positioned at the POS. Both online and offline.

### **We remain partners**

If you need further advice after your order has been processed, we will be at your side. Even ten years from now.
